Kerrie Louise Monk

Level 3 Teaching Assistant

"Since leaving school I have had a few different jobs, but one role I had in particular, working in a rehabilitation unit, made me realise I wanted to work with children. I also wanted to prepare myself with the skills and qualifications for when my own children are ready for school and I can gain employment within a school. I took advantage of the Advanced Learner Loan to help me fund the qualification. I believe that returning to Adult College has improved my prospects and will support my long-term ambition to become a teacher".
